11. Location Attractiveness. Is the proposed location likely to be attractive to people? Please outline the strong points of the proposed location.
12. Is the chosen venue easy to reach from the relevant hotels?

Accommodation Costs

Summarize accommodation available (number and categories of hotels, number of rooms and approximate room costs, location

relative to the conference venue). Is there a large enough and attractive hotel very close to the conference? Are there alternative choices not too far away from the conference venue? Are there budget alternatives for students not too far away from the conference venue? Please also consider that some meeting rooms are required by the Conference either at a hotel or the Conference Centre.

Student Costs

Please provide an estimate of how much it would cost a student to attend the conference (including registration for the full conference and workshops and tutorials, and accommodation costs; not including travel costs). How much would it cost local students to attend the conference?

Local Restrictions

1. Are there any travel restrictions or special visa requirements? YES/NO. If YES, please give details:
2. What currency would be used for the local conference accounting?

4. What support will the organizers receive from their institution?
5. What support will the Conference receive from the local country and/or town or city?
6. Where is the support staff going to be sourced from? – e.g., volunteers vs professional conference organizers. Please give details.
7. What do you anticipate in terms of delegate numbers?
8. Is there a strong existing SW community which will likely support, participate and benefit from the conference?
9. Are there other local communities which will add value to the

conference and may benefit from it (e.g., ISWC 2009 benefited from strong e-gov and e-science local base)

Summary of Financial Arrangements

1) Please use and attach the ISWC Budget Template for a detailed financial overview.

The Budget Template (excel sheet) is made of two tabs: one for income and the other for expenses (the one for income is also used for balance). Each sheet is made of three large commands depending on the paying attendance at the main conference.

The values for planned attendance (here 400), and + or - 20% attendance. Ideally you only have to fill cells marked in pink, all the others being recomputed on the fly. Of course, you can add more rows if you need them but make sure that they are taken into account by formulas). Please refrain from suppressing rows (leave them as they are here).

2) In the next step, please provide a summary based on the Budget Sheet.

Income

| | |
|---------------------|--|
| Registration | |
| Sponsorship | |
| Total Income | |

Expenditure

| | |
|--------------------------|--|
| Fixed | |
| Variable | |
| Total Expenditure | |

Summary

| | |
|------------------------|--|
| Conference Income | |
| Conference Expenditure | |
| Surplus | |

Please indicate how the number of delegates affects the surplus of the conference. The break-even point should be clearly indicated.

3) Insurance

Please describe a contingency plan (e.g., an insurance policy) in the event of conference cancellation due to a catastrophic event. If needed, include the additional expenses in the budget.

Organization

Please include previous experience in organizing large conferences. What other conferences have been organized in the proposed location.

Conference Bid Online

Please include a URL to an online version of the conference bid.
